

Council Lends Assistance For Town Victory Gardens

This is the official record of the proceedings of Council of the Town of Wainwright at its regular meeting held on the 4th day of April, A.D. 1944, in the council chamber of the Town of Wainwright.

The members of Council present at this meeting were Mayor Middlemass and Councillors Leggett, Coleman, Stafford, Tory and Robinson.

The recorded proceedings of Council at this meeting were read and, on motion of Councillor Tory were adopted and confirmed as written.

On motion of Councillor Robinson, it was moved that the Skating Rink Report as submitted by Manager Joe Wright, showing an operational surplus of \$37.28, be received and filed.

On motion of Councillor Robinson, it was resolved that the requisition of Wainwright School Board for the year 1944, in the amount of \$15,000, be approved and provision made for the sum in the current year's estimates.

A communication received from the Secretary-Treasurer of Wainwright School Board for a further advance of \$2000.00 to meet expenditures for the month of April and on motion of Councillor Robinson the Secretary was instructed to place this amount to their credit as requested.

On motion of Councillor Leggett, it was resolved that a By-Law be prepared appointing D. Pawsey as Returning Officer to govern an election to fill a vacancy on the Board of Wainwright School District, No. 1058, nomination day to be Monday, April 24th, 1944, and election day (if necessary) to be Monday, May 1st, 1944.

The report of Town Constable Donaldson for the month of March was presented to Council and on motion of Councillor Coleman it was received and ordered filed.

On motion of Councillor Stafford, it was resolved that the application to purchase Lot 10, Block 40, Plan 945-2, for the sum of \$25.00, received from A. F. Kohl of Wainwright, acting through power of attorney on behalf of Mrs. Marion Rose McNern, be approved by Council pending the passing of the necessary by-law.

The following applications for the "vacant" parcels within the Town of Wainwright for gardening purposes only, during the year 1944, were received by Council and on motion of Councillor Stafford it was moved that they be approved.

Lots 7 and 9, Bk. 36, Plan 6445V - F. G. Walberg.

Lot 14, Bk. 30, Plan 6445V - F. Hart.

Lot 7, Bk. 33, Plan 6445V - F. C. Lukens.

Lots 32-38 Bk. 12, Plan 6445V - M. G. Cardell.

Lot 7, Bk. 35, Plan 6445V - L. E. Bean.

Lot 11, Bk. 18, Plan 6445V - L. Baxter.

Lot 38, Bk. 3, Plan 6445V - W. J. Baynham.

Lots 17 and 18, Bk. 10, Plan 6445V - Mrs. McNelly.

Lot 5, Bk. 17, Plan 6445V - J. Crawford.

Lot 19, Bk. 40, Plan 945Z - J. Donaldson.

Lot 18, Bk. 20, Plan 6445V - L. C. Tory.

Lot 15, Bk. 34, Plan 6445V - A. Kristensen.

Lots 16 and 17, Bk. 23, Plan 6445V - H. Coffield.

Lot 16, Bk. 34, Plan 6445V - M. B. McLeod.

On motion of Councillor Tory, it was resolved that the letter from the Secretary-Treasurer of the Wainwright School Board concerning side walk, be tabled until presentation of 1944 estimates and that he be advised accordingly.

On motion of Councillor Robinson, that the report of the Finance Committee be accepted as submitted and that the Mayor and Secretary-Treasurer be authorized to sign the same.

On motion of Councillor Stafford, it was resolved that the application to purchase Lot 10, Block 40, Plan 945-2, for the sum of \$25.00, received from A. F. Kohl of Wainwright, acting through power of attorney on behalf of Mrs. Marion Rose McNern, be approved by Council pending the passing of the necessary by-law.

On motion of Councillor Leggett, that By-Law No. 358, be read for the first time.

By-Law Number 358 was then read for the first time.

It was moved by Councillor Coleman, that By-Law Number 358, receive its second reading.

By-Law Number 358 received its second reading.

On motion of Councillor Robinson, that the monthly statement for the month ending March 31st, 1944, be accepted as submitted and ordered incorporated in the minutes of this meeting.

On motion of Councillor Robinson, that the Secretary be instructed to prepare a by-law covering the investment of \$1000.00 of surplus funds of the Town of Wainwright in a fully registered Bond of the 6th Victory Loan.

On motion Council was regularly adjourned.

COUPON CALENDAR

The following coupons become valid in April:

APRIL 13:
Butter _____ Coupon 57
Sugar _____ Coupons 30 and 31
Preserves _____ Coupons 17 and 18

APRIL 20:
Butter _____ Coupon 58
Tea or Coffee _____ Coupons T-30 and T-31

APRIL 27:
Butter _____ Coupon 59

The following coupons expire on April 30th:
Butter _____ Nos. 54, 55, 56 and 57.

Funeral Service For Esteemed Townsman

The funeral of the late Mr. John Patterson, whose death was recorded in our last issue, took place on Wednesday afternoon last at St. Andrew's (Presb.) church, when the sacred edifice was crowded to the doors to mark the estate in which the deceased was held during the long time he had been one of our town's leading business men.

The Rev. L. Wilson, pastor of the church conducted the ceremony during which "Rock of Ages" and the 103rd Psalm were sung by all present.

In his address, the preacher eulogized the life of the deceased gentleman, and cited instances of his church and public life. Rev. McBeath Miller, of Edmonton, the moderator also assisted.

As a mark of respect the town stores were all closed during the time of the service.

Inferment was made in Wainwright cemetery, pallbearers being: Messrs W. Washburn, W. Lytle, F. Sheffield, F. Dixon, J. Nicholson and J. Ruste.

In addition to a large number of sympathy cards, the following floral tributes testified to the esteem of a host of friends: Molly and Marshall; Edna, Jim, Maureen and Ronnie; Leonard Wilson; Mr. and Mrs. Avison; Mr. and Mrs. Dixon; Mr. and Mrs. Nicholson and Family; Mr. and Mrs. Laird; Mary Evanson, Helen Hurley, and Betty Cram; Winnie, Hazel, Doris and Washburn; Mr. and Mrs. Sheffield; Mr. and Mrs. W. S. Clarke; Mr. and Mrs. M. D. Meade; Mr. Ruste; Ruth and Henry; Mr. and Mrs. Haywood and Family; Mr. and Mrs. E. E. McLeod; Mr. and Mrs. F. Church and Amos; Mr. and Mrs. Bert Kitchen; Mr. and Mrs. Washburn; Mr. and Mrs. W. T. Brunner and Family; Mr. and Mrs. Bowerman and Beale; Mr. and Mrs. Christensen; Mr. and Mrs. M. B. McLeod; Mr. and Mrs. H. C. Horn; Mr. and Mrs. L. C. Tory and Family; Mr. and Mrs. P. Rutherglen and Family; Mr. and Mrs. L. J. Kilborn; Jack Perkins; Mr. and Mrs. A. Lilly; Mr. and Mrs. P. Spady; Mr. and Mrs. Davidson and Family; Mr. and Mrs. P. Patterson; Mr. and Mrs. McCrystal; Mrs. Leemaster; Mr. and Mrs. Koch; Mr. and Mrs. Leggett and Family; The Nelson and Swanson Families; Mr. and Mrs. D. M. McClennon; Mr. and Mrs. Les Milner; Mr. and Mrs. L. M. Smith and Family; Mr. and Mrs. Heffernan; Mr. and Mrs. Baxter; Mr. Davidson; Mr. and Mrs. Hamilton; Mr. and Mrs. Myggland; Mr. and Mrs. Christopherson; Mr. and Mrs. Deyell; Mr. and Mrs. Campbell; Presbyterian Church Congregation; St. Andrew's Sun. School; Members of the Season; W. M. S. of the Presb. Church; Presbyterian Young Peoples Society; Ladies Guild of the Presb. Church; Royal Fruit Co.; Buffalo Park Lodge A.F.A.M.

New Ration Books Start on April 13th

The first of the coupons in the new No. 4 ration books to fall due will be sugar and preserves coupons that become valid in the hands of consumers on Thursday, April 13. These are the red sugar coupons 30 and 31 and yellow preserves coupons 17 and 18.

The last of the coupons in the No. 3 book will fall due on the same day, when consumers will be obliged to carry both their No. 3 and No. 4 books with them if they wish to buy all the rationed goods to which they are entitled. This will be better coupon No. 57.

The Local Ration Board points out that sugar, preserves and tea or coffee coupons belonging to the No. 3 book and as yet uncashed will continue to possess value for the purchase of rationed goods until they have been declared invalid. Due notice of such date of expiry will be given well in advance.

Mr. M. R. Nowlisky of the Mayfield district had the pleasure of a visit from his sister Rose and husband, Mr. and Mrs. P. Misandek and friends, Mr. and Mrs. N. Chermanski and daughter Annie, all from Myram, Alberta, during the Easter holidays. Also a large number of friends from Wainwright attended.

V

VICTORY LOAN

CARD OF THANKS

We wish to express our sincere and heartfelt thanks to all kind friends for sympathies and assistance during the last illness and passing of our dear father (the late Mr. John Wilson), and especially to Rev. L. Wilson, Dr. Wallace and the hospital nurses.

MOLLY AND MARSHALL

Ten Pounds Sugar For Canning Needs

OTTAWA.—The prices board announced Wednesday night that in the forthcoming canning season each consumer may obtain an allotment of 10 pounds of sugar for canning purposes.

The board said the first five "E" coupons in ration book No. 3, each good for one pound of sugar, will become valid May 25, and the second five July 6.

The 1943 canning sugar allotment was approximately the same, but last year consumers had to apply direct to their local ration boards for it, and depending upon the supply available, some received more and some less than the 10-pound allowance.

The present ration is a blanket allowance of 10 pounds to each consumer. Householders may convert the "E" coupons into preserve coupons at local ration board offices if they prefer to buy preserves rather than make them.

Social Legislation Main Issues

Parliament still has ahead of it the estimates for Munitions and Supply and other departments, and the big program of social legislation offered by the Government. It will be a long session. Family allowances and health insurance are the main social measures to be considered.

Details of the family allowance plan of monthly payments to parents for dependent children of school age, will be given Parliament soon after it resumes the session on April 17.

A Dominion-Provincial conference will likely have to be held before the Health Insurance act can be finally dealt with. The Federal Government hoped for such a conference during the Easter recess but the provinces were unable to agree on an April date. The Dominion-Provincial conference will likely be held during June or even later. Parliament may therefore have to adjourn and resume sittings early in the fall on social insurance and similar problems.

STILL NEED RATIONING OF FARM MACHINERY

During the month an appeal was made to farmers to keep their present equipment in operation by repairs if at all possible. It was explained that rationing of farm machinery is still necessary because, though the factory output this year will be considerably greater than in 1943 it will be only about 80 per cent of normal production and not nearly enough to fill all farm demands. Production of repair parts is 156% of normal.

Hospital Board Discusses Plan To Enlarge Area

The regular monthly meeting of the Board of Trustees of the Wainwright Municipal Hospital District No. 17, was held at the hospital April 8, 1944. Trustees present were O. J. Gould, chairman; Mrs. Washburn, J. Collette, D. Gardiner and L. Oxy.

Minutes of the last regular meeting were read and on motion of Trustee Mrs. Washburn were adopted with the following correction re election of chairman - the motion should read Trustee Gould nominated Trustee Oxy. Carried.

Moved by Trustee Oxy that the matter re dividing the banking business for 1944, passed at the last meeting be brought up for further discussion. Carried.

Moved by Trustee Collette that the motion re dividing the banking business between the Treasury Branch and the Bank of Montreal be rescinded. This motion having been passed at the meeting held on March 11, 1944 Carried.

Moved by Trustee Collette that the banking business for the year 1944 be transacted through the Bank of Montreal. Carried.

A report was presented from the joint committee of the Wainwright Municipal District No. 302 and the

Wainwright Municipal Hospital Board re enlarging the hospital area and adjusting the boundaries.

Moved by Trustee Mrs. Washburn that the recommendations outlined in the report be approved. Carried.

Moved by Trustee Oxy that the contract submitted by Mr. Bert Laird to erect a concrete pump house as specified, less material, at a cost of \$76.00. Estimated cost of material \$135.00, be accepted, subject to the approval of the Minister. Carried.

Moved by Trustee Collette that secretary order a new pump head and motor from the Electrical Contracting Co. of Calgary, at an estimated cost of \$200.00 and arrange to have same installed, subject to the approval of the Minister. Carried.

The finance committee reported they had examined the bank book and ledger and found same to be correct, and on motion of Trustee Gardiner the report be accepted. Cd.

Moved by Trustee Mrs. Washburn that the Hospital arrange with the Bank of Montreal to borrow the sum of \$8,000.00 at 4% interest on the 1944 requisitions, to be used as and when required. Carried.

The Matron's report for the month of March was as follows:

Number of patients admitted	38
Classification of patients admitted	
Surgical	10
Medical	35
Obstetrical	7
Infants Born	6
Total Hospital Days	551

Moved by Trustee Gardiner that the Matron's report be accepted. Cd.

Moved by Trustee Mrs. Washburn that accounts amounting to \$1,524.34 be approved and cheques issued. Cd.

Moved by Trustee Mrs. Washburn that the meeting adjourn, the next regular meeting to be held May 13, 1944. Cd.

A Canadian Sees Mt. Vesuvius Erupt

Capt. H. L. Richard, son of Rev. A. D. and Mrs. Richard, of Wainwright, who is a surgeon in a Canadian General Hospital in Italy has sent the following interesting account of the eruption of Mt. Vesuvius, as written up for the Forces paper in Italy.

"This country has got everything. Within an area less than that of an average English county, you can be bombed, shelled, machine-gunned, mortared and volcaneod.

And it's free.

Best, safest and most spectacular, is being volcaneod.

I took time off, yesterday, to see Vesuvius proving the truth of that hoary old gag about the un wisdom of living on the side of a volcano. Since a real volcanic eruption is far more than a war I think I should describe to you just what happens.

Away on the top all hell is a-blowing. From out of the crater comes smoke, steam, ashes and a vast, red-hot, primeval sludge called lava. This stuff, billions of tons of it, is oozing down the sides of the volcano. It is a vast crawling slag-heap about forty foot high. It is the original black guts of the earth. Time has slipped a million years, and here, slithering across a Naples vineyard in the bright sunlight, is the stuff this globe was made of when it was just a pup of a world. When it cools you have the stuff the moon is made of—black, cold clinker.

I watched it digest an Italian village for tea. The dark, smoking cliff pushed a wall down and edged into a fresh dewy garden where broad beans were in flower. The heat withered the plants within about ten feet. On it came.

The tide crept forward, tumbled round a tree that suddenly burst into flame. Then on to the front of a house. Up the walls and round the side. The house caught fire inside and half an hour later had vanished without a trace. Nearby a church was being engulfed. The sea of molten clinker came up to the roof. The old building stood it well. All around, houses had fallen, but the church held out. It collapsed suddenly with a roar and a last wild despairing jangle from the bell in the tower.

There is something rather fearsome about a town being destroyed by lava. War leaves some trace—gutted houses, bomb-pitted streets.

Vesuvius leaves none.

You can go into a room and see the last few pitiful possessions that the owners could not take away—an old cot, an iron ladle, a faded photograph. Within an hour or so all will be vanished—a handful of ashes entombed forty foot below the sunlight. No stone will mark the place where there was once a town. Only a memory.

Vesuvius has forty winks, and a century is gone. When he wakes he yawns, stretches his arms, and a hundred thousand people start looking for new homes. The big boy seems to be half out of his bed now and looking for a fight."

Money Voted Defence Chiefs

Chief work done by Parliament in its nine-week session was voting \$3,035,000,000 for the war activities of the three national defence departments. This is the bulk of the money Canada will spend for war during the coming year.

For the Army, Parliament voted Hon. J. L. Ralston, Senior National Defence Minister, \$1,535,000,000.

The Air Force estimates of \$1,090,000,000 were introduced by Hon. C. G. Power, Minister of National Defence for Air. The Navy, under Hon. Angus Macdonald, got the \$410,000,000 it will require for current fiscal year operations. Administration and operation of the three armed services were closely reviewed and explained before the members passed the big sums needed.

The one issue which threatened to be really controversial, retirement of Lieut.-General A. G. L. McNaughton as commander-in-chief of Canada's overseas army, did not develop. When leaders of the three opposition parties were privately given all details by Mr. King, there was no further criticism of this major change.

According to official word received Mr. Jack Davidson enlisted with the army last week end in Calgary.

C.P.R. Gun Plant in Foothills Aids Atlantic Convoys

Three thousand, four hundred and thirty-eight feet above sea level and 2,600 rail miles from the Atlantic seaboard, the Canadian Pacific Railway's Ogden Shops in Calgary provides an outstanding example of the switch-over of the entire C.P.R. system from peace to war. Naval guns made there, at one of the approaches to the Rocky Mountains, have played, and are playing, their part on those other celebrated approaches—the Atlantic approaches to the Old Country—over which supplies for the fighting fronts have to pass.

The 12-pounder gun, inset on the left, in this picture of men at work finishing gun barrels in the great foothills work centre, is a sample of the type of ordnance turned out at Ogden Shops, which now is preparing to go into production on its fifth type of naval gun mount. British, Canadian and American sea services all have shared in the ordnance turned out to fight against Hitler's underwater killers.

Ogden Shops' floor space of 255,000 square feet, full overhead crane service and geographical location first convinced the Department of Munitions and Supply and its advisers that the Calgary shop was an ideal place to turn out the naval guns and a request was made for its use late in the Fall of 1940. To make way for the navy work the shops had first to be cleared of the major locomotive and mechanical repairs it normally handled for the C.P.R. from British Columbia, Alberta and part of Saskatchewan, with this repair schedule of vital importance in itself to war freight and passenger movements. Heavy repairs now go to Winnipeg and in some cases as far as Angus Shops in Montreal and light repairs to smaller local repair shops.

Hints for the Household

DELICIOUS NEW DESSERT

Here is a delightfully refreshing and different dessert that is sure to be heartily welcomed by Spring appetites.

Exit Winter — Enter Spring! Spring is with us once more and with it the desire of many housewives to climb out of that "desert rut" and prepare something definitely "new."

A new season brings just cause for a new dessert and the recipe below is just what the Doctor ordered to help offset that "Spring Fever" feeling.

Fit for a King, Lemon Sherbet Pie is guaranteed to please the fussiest palate and will be placed in your permanent recipe file to be used time and time again—especially when a favorable impression upon guests is desired.

Lemon Sherbet Pie

- 1 rennet tablet
- 1 tablespoon cold water
- 2 cups milk (not canned)
- 1/4 cup sugar
- 1 tablespoon grated lemon rind
- 2 tablespoons lemon juice
- Few drops yellow food color

Dissolve rennet tablet by crushing in cold water. Warm milk, sugar, grated lemon rind and food coloring slowly, stirring constantly. When COMFORTABLY WARM (110° F.) not hot, remove at once from heat. Add dissolved tablet and stir quickly for a few seconds. Pour at once, while still liquid, into refrigerator tray. Let stand at room temperature until set about 10 minutes. Place in freezing compartment. Freeze until firm. Remove from tray to a bowl, break up with a fork, beat with electric or rotary beater until free from hard lumps but still a thick mush. Add lemon juice, beat well, and fill graham cracker crust.

Graham Cracker Crust

Combine 10 finely crushed cracker 1 teaspoon flour, 1/4 cup sugar, 1/4 teaspoon salt, 1/4 teaspoon cinnamon and 1/4 teaspoon nutmeg. Add 4 table spoons melted shortening and mix well. Press mixture into firm layer in 8-inch pie plate. Fill with Lemon Sherbet. Sprinkle top with crumb mixture or crushed graham crackers and return to freezing compartment.

Marshmallow Maple Rennet-Custard
1 package maple rennet powder
1 pint milk (not canned)
5 marshmallows, diced.
Dissolve marshmallows in 1 cup hot milk. Add 1 cup cold milk and warm slowly, stirring until LUKEWARM. Then proceed according to directions on package. Chill before serving.

Lemon Crumb Pudding
1 1/2 cups dry bread crumbs or
2 cups fresh bread crumbs
2 cups cold water
3 tablespoons lemon juice
1 teaspoon grated lemon peel
4 tablespoons butter or chopped suet
2 eggs, separated
2/3 cup sugar
4 tablespoons sugar

Soak bread in water, add lemon juice and peel, beaten egg yolks, sugar and melted butter or suet. Bake in moderate oven at 350° F. about 1 hour. Spread with any tart jelly. Beat egg whites stiff and gradually beat in 4 tablespoons sugar. When blended spread this meringue over the top and brown in a slow oven. Serve with cream.

Stew left in a covered double boiler with a protective amount of water in the lower part is a popular choice for a late-at-night mainstay, if your war worker must be left on his own in the kitchen. A cup of hot decaffeinated coffee will help relax taut nerves and prepare for a good night's sleep. So it's thoughtful to leave instructions for your swing shift war worker to perk the decaffeinated coffee a little extra time to bring out its rich coffee flavor. You can add a well come extra plus of nourishment as well as appetite satisfaction if you provide a dish of simple satisfying pudding. A popular choice is Tapioca Cream. Serve it for the family's evening meal and then leave a portion in the refrigerator as a happy ending for the late shift supper. Quick-cooking tapioca rates as a treat, besides being easy to make. You can produce eight generous servings of this favorite dessert with a quart of milk and only one egg.

Sweet Dreams Coffee

Use one rounding tablespoon all-purpose grind decaffeinated coffee for each cup (1/2 pint) of cold water. Pour cold water into pot of percolator. Set percolator basket in pot and put coffee in it. Cover. Let percolate slowly and gently 15 or 20 minutes or longer than the ordinary variety, to bring out the rich coffee flavor.

Tapioca Cream Pudding

1 or 2 egg yolks
4 cups milk
1/3 cup quick-cooking tapioca
1/4 cup sugar
1/4 teaspoon salt
1 or 2 egg whites
1 teaspoon flavoring
Saucepan Method: Mix egg yolk with 1/4 cup milk in saucepan. Add quick-cooking tapioca. 1/4 cup sugar, salt and remaining milk. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin.) Do not overcook. Beat egg white until stiff but not dry; add remaining sugar gradually, beating with rotary egg

beater. Stir hot tapioca gradually into egg white. Cool—mixture thickens as it cools. When slightly cool, stir in flavoring. Chill. Serves 7 to 8.

VARY YOUR EGG DISHES

In most homes the breakfast egg is usually soft-cooked or fried—occasionally poached or scrambled. Really, there are many other variations that should be called upon. For instance, now more than ever before we should include cereals in our daily breakfasts, here are a few suggestions for cereal and egg combinations that will prove delightful—and very nutritious.

Crispy Baked Eggs

- 1 tablespoon melted butter
- 2 cups Post Toasties (corn flakes)
- 6 eggs
- 1/4 teaspoon salt
- Dash of pepper

Pour butter over corn flakes and toss lightly to distribute butter evenly. Arrange corn flakes to form a nest in each section of large cup-cake pan. Break eggs carefully, slipping one into each nest. Sprinkle with salt and pepper. Bake in slow oven (325° F.) 20 minutes, or until eggs are firm. To serve, loosen with knife and lift out gently onto plate. This may also be baked in greased shallow baking dish. Place corn flakes in bottom of pan; make 6 depressions; and break an egg in each. Serve with bacon or ham. Makes 6 servings.

Crispy Baked Eggs with Cheese: Mix 1/2 cup grated American cheese with corn flakes and butter, or sprinkle on tops of eggs before baking.

Crispy Tomato Baked Eggs: Place 1 tablespoon tomato ketchup or 2 tablespoons tomato soup in each nest of corn flakes before adding eggs.

Note: Bacon drippings may be substituted for butter.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada.

Out of Parliament, highlights: For the first time, this year, widows of servicemen will be...

tax on pensions. A special committee, reporting, would eliminate divorce bills from Parliament as soon as conveniently possible, and propose an amendment which would compel every member in the House to vote on a division, and there was discussion on cutting down length of speeches. In a review of the R.C.A.F. generally accepted as a high-light speech of the session, Air Minister Power told the House among other things that our Air Force made 38,844 sorties, flew 129,461 operations in hours dropped 31,900 tons of bombs, on the enemy, not including attacks on U-Boats, etc. Casualties were 7,866 dead, 2,884 missing—a total of 11,842; of these 9,697 occurred overseas.

A look at the C.B.C. annual report: The national radio system in the last fiscal year had an operating surplus of \$230,280, which most people will be interested to know came from a total revenue of \$4,970,000. Licences from receiving sets brought in \$5,701,690 and the commercial broadcasting take was \$1,243,553. In six and a half years the C.B.C. handled over twenty-five million dollars and the folks with sets contributed \$18,500,000 for the jazz, opera, newscasts and other things which we get over the air.

About this time most folks are scratching their heads meditatively over the 1943 income tax forms. An Ottawa paper quotes Revenue Minister Gibson as saying there is little hope for a quick cure of the "income tax jitters" which seem to assail a lot of people. He observes, however, that we would be farther ahead by starting on the back page and working up, because the first page of the form is a summary of the financial status of the worrier, only arrived at on calculations of the second and third pages. Apropos of this, the Income Tax branch in Ottawa is sure a hive of busy bees these days. Of the 5,970 new employees added to boards and departments of government from August 1, 1943 to last January, 710 were placed on the staff of the Income Tax branch.

Maple Syrup has occupied the Consumer Branch spotlight here for the past few weeks. Virtually everybody concerned has written to enquire for this year's ceiling prices. Since nearly 3,000,000 gallons are produced in Canada during a normal season, the marketing is of major interest to a host of farm families with sugar bushes. The Prices Board expect that at least 65% of this year's crop will be sold direct from farmer to consumer, and in all such sales the farmer may sell at a retail price level. Quite a departure from last year when he couldn't charge the retail prices unless he had a market stall and produced a licence. Farmer to producer prices are: ungraded \$2.40; Canada

dark \$2.65; Canadian medium grade \$2.50 and Canada light grade \$3.15. National Defence H.Q. gives out that a large scale recruiting campaign to enlist 5,000 trades-women and potential, is to be launched by the Canadian Women's Army Corps, the demand being mostly for qualified stenographers, typists, clerks and cooks, along with volunteers who can be trained in these trades. Experience is to be the main objective. You can tie this bit of news up with the "invasion", too.

Parliament is studying every angle of the government bill to create an Industrial Development Bank, which is intended, in brief, to "supplement the activities of existing lending agencies, not to displace them." The idea is to create the necessary machinery for extending credit to smaller industrial enterprises. This looks like a move of value to small business particularly for the post war period.

The Minister of Trade and Commerce is authority for the information that consumption of alcoholic beverages (plain liquor to you and me) went up about 40 per cent from 1939 to 1943 in the case of spirits; more than 50 per cent for beer, malt liquors, etc., and 30 per cent for wine.

The slogan for the Sixth Victory Loan which opens April 24th has not been divulged yet, but the objective of \$1,200,000,000, which was over-subscribed in the Fifth Loan will be the same. With the "invasion" due to pop, Canadians should have plenty incentive to dig into their savings.

It may be significant in the war restrictions and supply trend that Munitions Minister Howe recently announced that control of silk, nylon, cork, kapok, and products manufactured from these, is being transferred from Munitions and Supply to the Prices Board.

Bits for the farmer: About 90 per cent of Canada's 735,000 farmers keep poultry and last year's egg production hit 340 million dozen, a record; the objective this year is 360 million dozen. Some change! In 1939 Canada sent just over a million dozen eggs to Britain; in 1942 these exports jumped to 37 1/2 million dozen. A recent survey of 70 of the largest cities and towns in Canada disclosed the distribution of fluid milk was about 20 per cent greater than a year earlier. About fruit: probable Canadian production in 1944, based on estimates of tree mortality, new plantings coming into bearing and other factors, indicate a somewhat larger supply of domestic fruit than in 1943, which is welcome because of a greatly increased demand. Objective for all Canada in apples calls for a 17 per cent increase; 13 per cent for pears, with Ontario allotted the largest amount. They'll try to get

"COMBINED OPERATIONS INCLUDE YOU"

● Invasion demands more action from every fighting service... combined operations. Combined operations include you, too.

Despite the shortage of help and equipment, Canadian farmers have responded nobly to demands for increased production of foods.

But there is one thing on which a better job can still be done.

MORE MONEY is needed to fight a more intensive war.

All Canadians will be asked to furnish this money. It's a duty that we who are at home owe to the men on the fighting fronts.

In these days most farmers have higher incomes... money to save. And that is the job that they are asked to do... save money and lend it to Canada.

You are not asked to give money... just to lend it. When the war is over you'll have this money to "plough back" into your farm. So save now to lend to your country. Save to have money to improve your farm; money for new stock and implements; money for more land or new buildings... for a new car... for new furnishings and conveniences for your home.

All you can lend is little enough for a cause so vital for a need so urgent. And the more that you can save and lend to your country now, the more you will have for your own use when the war ends.

Rural Areas Receive Medical Aid

OTTAWA—Transfer of physicians to rural areas where the need is urgent is planned by the Dominion Government for all provinces which choose to come under the scheme. To operate the program many doctors in the military call-up age who have been deferred or who have been rejected for physical reasons will be taken into the armed forces. Low category physicians of this younger age group will be assigned where needed, as will older doctors in the armed forces who are replaced by younger men.

The province will repay the Dominion the actual amount of pay and allowances to doctors serving in civilian communities and in turn will receive fees collected by the physicians up to the amount paid by the province. Doctors moved from one civilian area to another will be taken from districts where the Federal Medical Procurement and Assignment Board believes they are not so urgently needed and will be assigned to such areas as the board may decide upon, after application by the province on behalf of any community.

Bank to Aid Small Business

Details given Parliament regarding the proposed publicly operated Industrial Development Bank reveal that the new financial institution will have wide authority in helping to maintain industrial production and national income. The bank will make credit available to enterprises which may be reasonably expected to succeed, in order to help ensure a good measure of prosperity and employment, particularly in the immediate post-war period.

The bank will aid not only new industries, but will also provide funds where necessary to help finance con-

version of war plants to peacetime production. It is emphasized that its operations will be mainly for the benefit of small and medium-sized enterprises, many of which are located outside the larger centres of population.

The bank is authorized to help any business for the manufacture, processing or refrigeration of goods, wares and merchandise, for the building of ships or the generating or distribution of electricity. It will start with a capital of \$35,000,000.

How Over Beer Holds Spotlight

Beer held the political spotlight both before and after Prime Minister King announced that Federal restrictions on its sale throughout the Dominion are to be removed. The Prime Minister said that from now on any regulations of beer sale will be entirely a matter for the provinces. Brewers, who have been protesting the restrictions and blaming Federal authorities for the shortage to customers, surprised the public by a prompt admission that, despite lifting of the federal limitation, they might not be able to substantially increase the output for some time.

Though Federal restrictions only cut sales 10 per cent, in Ontario the provincial authorities reduced the amount by 25%, but put up signs in retail sales premises that the scarcity was due to Federal action. When Dominion restrictions were removed, Premier Drew charged political motives and said the signs would remain up. Federal authorities replied that though the signs did stay up, they were wrong.

Thus after political and other pressure urging lifting of the Federal restrictions, it is still doubtful to what extent beer production or sales will be increased by removal of the 10 per cent order.

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To All Employers:

All Unemployment Insurance Books for the year ending March 31st, 1944, must be exchanged for new books.

Kindly communicate immediately with the nearest Employment and Selective Service Office if you have not already exchanged your employees' books.

There are severe penalties for failing to make Unemployment Insurance Contributions for your insured employees and for failure to renew the Insurance Books as required.

To All Employees:

If you are an insured person protect your benefit rights by seeing that your Insurance Book has been exchanged.

J. B. Sanborn

GRIZZLY BEAR RANCH

8½ miles South-West of Vermilion, on the N.E. 26-49-7 with. The farm is situated on the Wainwright-Vermilion Highway. To be conducted on

TUESDAY, APRIL 11th, 1944

commencing at 10 A.M.

Consisting of 160 head of Hereford cattle, including 2 registered bulls and 5 registered cows and other pure bred animals; a full line of farm machinery, including John Deere Tractor, Spade Lugs, 22—38 McCormick-Deering Steel Thresher; 6 ft. M.H. Tiller; 3-Bottom John Deere Tractor Plow; 11 Brood sows; Pure bred Boar; 19 Head Horses, from 2 to 12 years old; Some household goods; Blacksmith outfit; Stock Saddles; Approximately 4,000 bus. mixed wheat and oats for feed; Ranch and Farm Lands.

The Ranch and Farm Lands are for sale, consisting of six sections; which may be sold, one parcel 2½ sections, and one parcel 3½ sections, each parcel having very good buildings. There are some 512 acres under cultivation, and there could be broken at least two more sections of this land. There are numerous springs on different parts of the land to supply water for a great many cattle and other stock, and there are large quantities of hay land. It is considered one of the finest mixed ranches to be found in the West.

Mr. Sanborn has spent years in building up this herd of cattle; most of them are practically pure bred Herefords, and there are some very select cattle among them. The calves are excellent. There are 66 head of yearlings among them, which are of the choicest. Anyone desiring farm machinery, real good foundation stock for herds, or desiring a ranch could not do better than to look into this proposition.

This land will be for sale by public auction, with a disclosed reserve bid, during the noon hour on the day of the sale, if not sold prior to sale. Terms at least half cash on the land; stock, chattels and other equipment cash. Settlement to be received on day of sale. Lunch at noon. Bring your own drinking cups.

If the Government has placed a ban on highways prohibiting movement of machinery and chattels by truck, arrangements may be made with Mr. Sanborn to leave such articles or stock purchased on the farm for a few days in his care.

Any information desired regarding this stock, land or equipment may be had by getting in touch with the auctioneer, at his address below:

ADDRESSES ON THE MOVE...

IN SPIITE OF ALL WAR HAZARDS

31,500,000 LETTERS

REACHED YOUR MEN OVERSEAS LAST YEAR

Do you remember the "Change of Address" form which you filled out when you moved your civilian home? After that was filed at your local Post Office, every letter sent to your old address had to be redirected to the new one, and that went on until your correspondents were familiar with your new location.

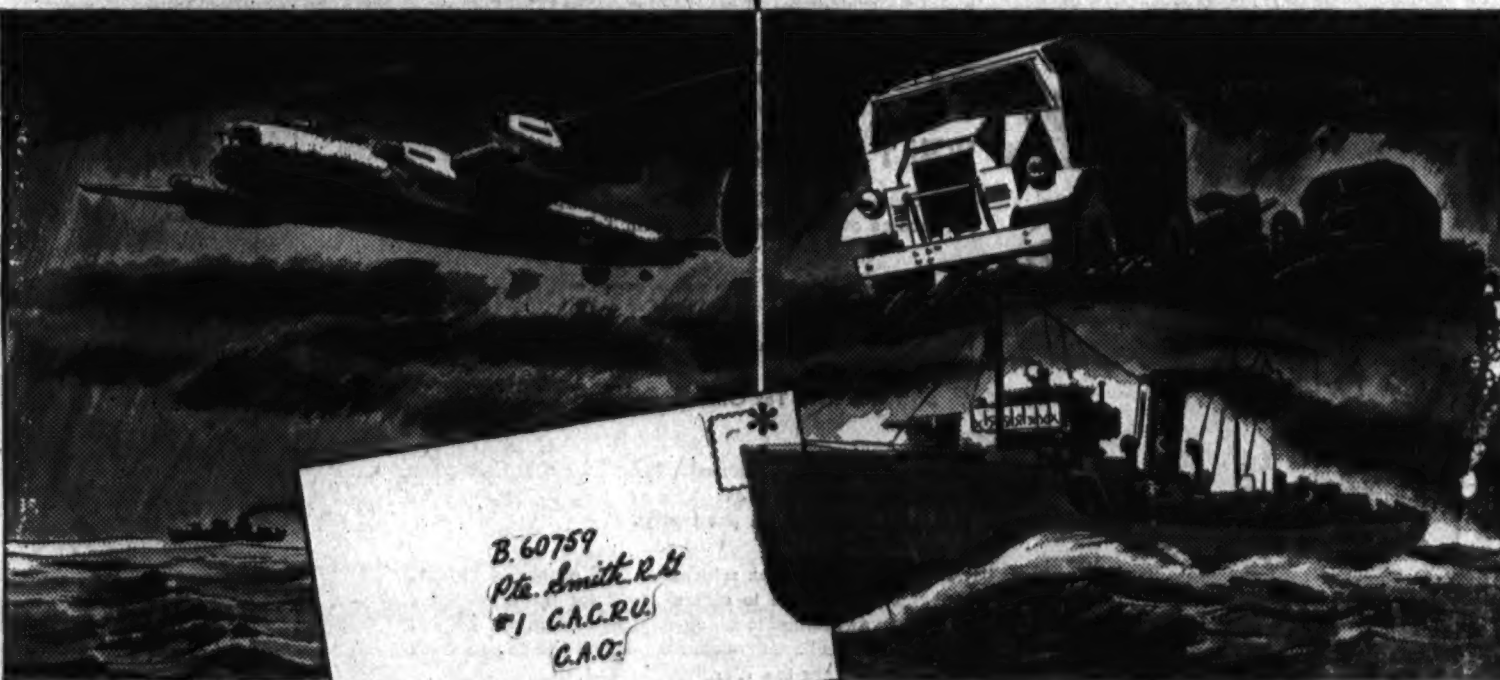

Probably you didn't move very often, but each time you did, the Post Office gave rediretory service. And if you will think about that for a moment, you will begin to see what a stupendous task confronts the Canadian Postal Corps in handling the military mails, when thousands of men are being moved almost daily!

Yet, in spite of the need of tracing men from reinforcement units to their locations on fighting fronts... in spite of the need of tracing them through hospitalization... or while on leave... when their unit is moved... in spite of delays in air mail service caused by adverse flying conditions... of delays in surface transportation caused by enemy action...

in spite of every war hazard you can think of... your Post Office and the Canadian Postal Corps delivered 31,500,000 letters to men overseas in 1943!

It is inevitable that, in tracing men who have been moved, or wounded, some delays occur. It is inevitable that enemy action holds up delivery in some cases. But everything that human ingenuity and effort can do to give you a service that means speedier delivery of the letters your men are waiting for, is being well and thoroughly done, and will be done. New methods of speeding mail deliveries are being put into effect, new possibilities are being studied. Think of your own friends who have been posted to new locations overseas, and realize the task of tracing them when their mail arrives at their former address!

You can help your Post Office and the Canadian Postal Corps to give even better service if you will take a moment to make sure that your mail is correctly prepared. Do these simple things...

1. Always be sure each letter or parcel (properly packed) is fully and correctly addressed.
2. Use light-weight paper for regular Air Mail, or use the Armed Forces Air Letter Forms. Airmail letters take a little longer because they must be processed in Canada and overseas.
3. To men in hospital, mark your letter "In Hospital", if you are advised to this effect.
4. Never put into parcels perishable food, or any substance that can be damaged by extremes of temperature.

WAINWRIGHT, WEDNESDAY, APRIL 12th, 1944

THE SECOND MILE

One of the most important things
 every man has to decide is how he
 shall meet the "musts" of the world—
 what shall be his attitude and spirit
 as he faces life's inevitable compul-
 sions.

Jesus said there is only one right
 way—and that is to do more than
 you are compelled to do. He stated
 it dramatically: "Whoever shall
 compel thee to go one mile, go with
 him two."

It must have startled His audience,
 for it brought up a concrete and hate-
 ful picture. A Roman soldier, under
 his military law, could compel a Jew
 to carry his burden for a mile—a
 defiling business. To hear this new
 Rabbi say that under such compul-
 sion a Jew should be willing to go
 two miles must have clashed with
 the Jewish temper, as it would with
 the American. This sounded like
 gratuitous surrender of a man's just
 rights. But let us see. Jesus' words
 are either stark nonsense or super-
 naturally divine sense.

In the summer of 1907, Dr. Fosdick
 then pastor of the First Baptist
 Church, Montclair, New Jersey, deliv-
 ered "The Second Mile" at the North
 field, Massachusetts, student con-
 ference. Soon to appear in its 20th edi-
 tion, this sermon still serves as a
 model for theological students.

We, too, as we trudge our chosen
 paths, meet a courier at every mile-
 stone who impresses us into service.
 The body says "must," business says
 "must," social life says "must."

Underneath every other practical
 necessity is the elemental "must" of
 the breadwinner. Now this compul-
 sion may be faced in one of two ways.
 If he will, a man may accept it dog-
 gedly, skimping perform the bare
 requirements, and bitterly trudge
 that one scant mile. Thousands of
 men work that way, with their eyes
 on the clock. Or a man may welcome
 the necessity of work, recognize the
 dignity of honest toil, and in that
 way go the second mile, translating
 duty into privilege. Work, greeted

like that, loses the frown of compul-
 sion and begins to smile. When a
 man works that way he feels that it
 is his meat and drink, wishes there
 were more hours in the day than 24,
 and dreams of Heaven as a place
 where a man can work all the time
 at his best and never be tired. All
 the slavery of work has vanished for
 such a man.

The way to avoid the slavishness
 of necessity is of your own accord to
 be willing, if possible, to do more
 than is demanded. The first mile al-
 one is drudgery. The glory comes
 with the second mile.

Another kind of compulsion faces
 every man in some degree. In one
 way or another, external circum-
 stances or our own naturally restrict-
 ed powers often shut us up to nar-
 row and obscure activities.

History loves to record the names
 of men who conquered the malice of
 their fate by this spirit of the second
 mile—men like the old Greek chosen
 in a joke to be town scavenger, who
 filled the office with such high ser-
 viceableness that thereafter in all
 Greece the office was an honor; men
 like blind Huber becoming the great
 scientist, or blind Fawcett becoming
 postmaster-general of England; men
 like Cervantes using an imprisonment
 to begin Don Quixote, or Bunyan
 glorifying Bedford Jail with the Pil-
 grim's Progress.

And this same spirit is found in
 many humbler expressions, as when
 the young woman wrote her friend
 out of her invalidism, "At first I
 thought somehow to make the best
 of it, but now I am planning to make
 the most of it." These folk of the
 more abundant willingness travel
 with us the first hard mile of compul-

sion, but they make it beautiful with
 the second mile of consecration.
 In our family relationships there
 are certain necessary duties, and
 some households do just as much as
 they have to do and no more. They
 are run in the spirit with which a
 miser pays taxes. Any overflow of
 spontaneous love, any volunteering of
 surplus kindness, is unknown. The
 members of the family keep the let-
 ter of law, and look for a home to
 come of it.

TOWN OF WAINWRIGHT SCHOOL ELECTION (Special) NOMINATION MEETING

PUBLIC NOTICE is hereby given
 that I will attend at The Council
 Chamber of the Town Hall at Wain-
 wright, Alberta, on Monday, the 24th
 day of April, 1944, from 11 o'clock in

Income Tax Returns

FOR 1943 MUST BE IN NOT LATER THAN
30TH OF APRIL 1944

1. WHO MUST FILE RETURNS?

If you are single, and your income was over \$660.00—
 Or, if married, and your income was over \$1,200.00—
 Or if you had tax deducted in 1943—you must file returns.

2. WHAT FORMS TO USE

For income under \$3,000.00 use Form T.1 Special.
 For income over \$3,000.00 use Form T.1 General.

3. WHERE YOU CAN GET FORMS

You can get income tax forms from—
 1. Post Offices.
 2. District Income Tax Offices.

Your early co-operation is requested. Over 2,000,000 Canadians
 will be filing income tax returns. You can help by getting your
 forms now, and mailing them promptly.

It is important that income tax returns be filed promptly. First,
 these returns must be filed to obtain credit for tax deductions. Second,
 to claim any refund to which you may be entitled. Third,
 to establish the Savings Portion of your tax, which will be paid back
 to you with interest after the War.

Make your returns now, but not later than 30th of April
 to avoid a penalty of 5% of your tax.

The unpaid balance of your 1943 tax may be paid any
 time before 31st of August WITHOUT PENALTY.

GET YOUR "T.4 SLIP" FROM YOUR EMPLOYER

To get a record of your 1943 earnings and tax deductions, ask
 your employer for a copy of the "T.4 Slip" he filed with the Govern-
 ment. Do this. It will save you time, and help prevent errors.

Help Win the War—Buy War Savings Certificates

THERE ARE MORE GOOD REASONS
FOR BUYING WAR BONDS THAN FOR
BUYING ANY SINGLE THING EVER OF-
FERED TO THE CANADIAN PEOPLE

EVERYONE of us wants to win this war—to
see peace restored—to have jobs to get back to
when the war is won.

MILLIONS of us, already in the Armed Ser-
vices have dedicated time, effort, lives if need
be, to the Nation.

The rest of us have not been called to arms.
Our big chance to get into the fight is to buy
the Sixth War Loan to the absolute limit.
This is the People's Loan, and we, the People,
will not fail—

We will not fail to buy Bonds and keep them
We will not fail to buy Bonds and so help to
Canada the kind of land they want to see
when they come home.

REMEMBER—We are lending not spending.
The money we lend is still ours to use in the
years ahead when we need it most.

EDGERTON

139th Victory Wheel draw was won
by Jim Charterworth with No. 5.
Born to Mr. and Mrs. George Saw-
yer at the Alexander hospital, Ed-
monton on April 3rd, a daughter.

The Venerable Archdeacon S. F.
Tackaberry was a visitor in the pa-
rish Monday and Tuesday.

Mrs. Dud Sawyer received the sad
news that her brother, Sgt. H. Orr of
the R.C.A.F. has been reported mis-
sing in action.

George Sawyer was a visitor to
the city to see his new daughter and
on business.

Earl Hallett returned from his fly-
ing visit to the coast, Tuesday.

The Board of Trade held their regu-
lar meeting at the Laurie Hotel
Tuesday. There was a good attend-
ance numbering 18. Some interesting
discussions took place. It was propos-
ed to look into the feasibility of mov-
ing the skating rink to a more con-
venient location and also the putting
on a sports day on May 24th. A week-
ly dance in Pawsey's Hall was decid-
ed upon. Dancing to start at 9 and
continue till 1 o'clock.

Bob Miller and family from Chau-
vin have moved into town, he is help-
ing Maurice Byers trucking.

Mr. and Mrs. Sid Pawsey were city
visitors last week.

The community sale held by Lloyd
Osby in town last Thursday proved
quite a success.

The pig donated by Mr. Chris
Christensen for the benefit of the
cigarettes was sold at the commu-
nity sale and realised \$16.00.

Bob McKay and his family were
visitors to the city for the weekend.
Miss E. Jones and Miss E. McRob-
erts left Thursday for their homes at
Irma, for the Easter week end.

The film "You Were Never Lov-
elier" was shown here Thursday and
Saturday.

Earl Hallett and P. S. Pawsey
have both installed new refrigerators.
Mrs. J. E. Strayer and son are visit-
ing her mother in the city.

Bill Hallett and Worthy Darling
both of the R.C.A.F. are on leave
here.

G. C. Welsh left Saturday for Cal-
gary to attend a teachers' conference.
Mrs. Lytle Sr. had the misfortune
to slip and break her hip. She was
taken to Wainwright hospital under
the care of Mrs. Bullymore.

Mr. and Mrs. Gilmour and family
of Hughenden were visitors at the
Bank House for the week end.

Ruth Phillips from Edmonton was
visiting her parents for the week end.

A fire of unknown origin broke
out at the Masonic Hall Friday morn-
ing and except for the prompt action
of those who were assisting the fire
brigade there might have been total
loss. Considerable damage, however,
was done. There was a reminder of
the old time horse fire engine when
George Hallett who was filling his
big water tank at the skating rink
came up on the gallop, this with the
chemical engine made the situation
quite safe. The damage was covered
by insurance.

Grace McCluskey who has been
employed at the Creamery for the
past two years has been transferred
to the Dairy Pool head office. Her
place is being taken by Joan Wood-
bridge.

Jimmy Miles of the R.C.A.F. was
home on short leave.

Don't forget the W.A. tea to be
held in the Church basement next
Saturday commencing at 3 p.m. There
will also be a sale of pies.

GREENSHIELDS

Mrs. A. Plater and Art Almost were
prize winners and Mrs. P. Haywood,
Mrs. W. Jackson and Lloyd Haynes
divided the consolation prizes, at
cards, at the War Service League
whist drive.

The resignation of Miss Elsie Hay-
wood as secretary treasurer of the
League was reluctantly accepted by
the members, and a vote of thanks
was tendered in appreciation of her
efforts in the League interests.

A temporary suspension of meet-
ings for the summer months was pas-
sed. Lunch was served by hostesses
Mrs. A. McDougall and Mrs. W. S.
White.

Mrs. I. Stauffer spent a few days
in Wainwright this week.

Mr. and Mrs. R. H. Valieu were
Edmonton visitors this week.

Mrs. Don Davidson and son of Cam-
rose are visiting her parents Mr. and
Mrs. T. Daniala.

Rev. Richards held Easter serv-
ices in the school on Sunday.

Several of our residents are down
with colds and grippe.

Mrs. Isabel Patterson of Edmonton
spent the week end with her mother
Mrs. McIntee.

A number of students attending
school at outside points were home
for the Easter vacation.

Mr. and Mrs. H. Metrick and fam-
ily, accompanied by Mrs. L. Beasley
left by car for Tofield. Harold will
be in charge of the Pool Elevator at
that point.

Mr. Paul Britton of Edmonton was
a week end guest at Platers.

HEATH

Bishop Bartlett of Edmonton will
hold a confirmation service at St.
Patrick's church on Monday, the 17th
at 3 p.m. After the service a recep-
tion will be held at Mr. Fred Ford's
to enable the congregation to meet
the bishop.

Miss Jean Bouchier has returned
home from Edmonton having spent
several weeks in the University Hos-
pital there.

Miss Gladys Zagle left at the week
end for Edmonton and will also at-
tend the teacher's convention at
Calgary.

Mrs. Mel Dixon has received a con-
signment of blankets and expects to
ship more material to the factory to
be made up within the next two
weeks.

Mrs. Clinton Davis from Edmon-
ton is spending two weeks vacation
with her parents Mr. and Mrs. Smith.

Mel Dixon spent a couple of days
at Chauvin last week assisting with
the cut out at the National Grain Co.
Elevator.

Mrs. E. Mesnier of Vermilion has
been visiting with her parents Mr.
and Mrs. H. Smith.

GERALD

Wallace Rattray has returned to
his duties with the R.C.A.F. in the
east, after spending a holiday at his
home here.

Alan Greenway, who is stationed
with the R.C.A.F. at Clarendon,
spent a few days here last week end.

Mrs. G. Christopherson left on Sat-
urday morning to go to Edmonton.

Mr. and Mrs. E. Gullekson have
completed two trips to Excel. They
have been moving equipment and
machinery from their former home
at Excel to their new home here.
They were accompanied by Mr. and
Mrs. C. Gullekson of Excel.

Mr. and Mrs. H. Gullekson of Wet-
askin were week end visitors at
the home of Mr. and Mrs. E. Gullek-
son.

School has been closed for the
Good Friday, and Easter Monday
holidays.

Signs of Spring seen around these
days are, crows, crocuses, ducks,
waterfowl, and gophers.

SYDENHAM

Ian Glenn Vancouver, serving in
the Royal Canadian Navy spent his
leave at the home of his Uncle and
Aunt Mr. and Mrs. Alex Souter.

Mrs. A. C. Woodward returned
home from Calgary after visiting her
Uncle and Aunt Mrs. Taylor and Tay-
lor of that city.

Mrs. C. Alexander is in the hospi-
tal under the doctors care.

Mrs. Clifford Church of Jasper
spent a few days last week visiting

WHITE CLOUD

The Bingo party and dance were
very successful, considering roads
were muddy.

Miss Norris spent the week end
with Miss Currie.

Mrs. L. Habb returned home Thurs-
day after a holiday at Ponoka.

We wish to congratulate Mr. and
Mrs. Elwood Plaxton on the arrival
of their new baby girl. (Carol Maxine)
Mr. Fred Teeter is now settled on
the Tierney place, which he is farm-
ing this season.

Woodsmen have been busy all
week in the district.

A pie social is to be put on at the
Gilt Edge Hall by a number of young
people, proceeds to go to a worthy
cause.

Four Will Quit

Provincial House

Four members of the ninth Alberta
legislature will not stand for re-elec-
tion when the next general vote is
called, it appeared Saturday.

Rev. J. A. Wingblade, Social Credit
member for Wetaskiwin since 1935,
has announced that he will not be a
candidate in the next provincial elec-
tion. He is pastor of the Ebenezer
Baptist church in Wetaskiwin.

Other members of the legislature
who have announced that they will
not stand again are Dr. L. J. O'Brien
Independent, Grande Prairie; Dr. P.
M. Campbell, Independent, Lethbridge
and C. A. Reynolds, Independent
Social Credit member for Stettler.

—Edmonton Journal

FERTILIZER PRICES

LOWER THAN IN U.S.

To help farmers in their production
efforts the Board's Fertilizer Admin-
istrator announced special efforts to
meet normal fertilizer demands. It
was pointed out that due to wartime
prices and Trade Board policies of
subsidizing imports and zoning dis-
tribution, Canadian fertilizer prices
are probably the lowest in any coun-
try in the world, being several dol-
lars a ton less than in the United
States or in the United Kingdom.

CLARIFICATION ON

FORMER MEAT SALES

During suspension of meat ration-
ing, a farmer, or a person who raises
livestock, can slaughter (or have
erling permit, livestock raised on his
in standard retail cuts to a household
consumer for the consumer's personal
or household consumption. Such meat
need not be stamped. A farmer cannot
sell meat to any other class of
buyer without a slaughtering permit.

with Mr. and Mrs. Fred Church and
other friends here.

"Sorry Brother— NO JOBS TODAY!"

Will your son, back from overseas, hear these
words? Will he ride the roads looking for a job?
Will we have headlines . . . farm relief . . .
mass unemployment . . . starvation wages?

These Things Need Not Be!

Canada has the resources, our people have the
skill and the determination to provide jobs and
opportunity for everyone. We have great in-
dustrial facilities . . . hundreds of plants
built with the people's money . . . plants
which can produce radios, washing machines,
bath tubs, refrigerators . . .

Electrification of our farms and villages is an
urgent need . . . opening up of our North-
land has only begun . . . Canada should
lead in the development of new industries . . .
plastics and synthetics offer vast possibilities
for employment and the use of farm products
. . . hundreds of thousands of homes are
needed, as well as schools and hospitals.

A New Age is Before Us!

Canada can have an era of greater development
and abundance than ever before in our history.
To achieve it we need a plan . . . courage
. . . determination . . . we need a govern-
ment free from big business control.

The CCF is a people's movement. It is not
controlled by the monopolies; it fights them.
It has the program and the determination to
provide jobs for those who can work . . .
security and opportunity for all.

A New World to Build—Let's Build It!

The CCF is YOUR movement. It does not get and
DOES NOT WANT the support of the big corpo-
rations. It needs YOUR support NOW. Write and
send your contribution to your CCF Provincial
Headquarters—

BUY WAR BONDS & STAMPS

SINCE THE CALL TO ARMS

WITHIN AN HOUR of the opening of hostilities the Canadian National began what has proved to be the largest and one of the most exacting war jobs in Canada. This job has continued day and night without stop for four and a half years.

FROM SEPTEMBER 10, 1939 to March 10, 1944 the Canadian National carried more than 100 million passengers and 300 million tons of freight. Since the beginning of the war the Canadian National Dining Car Department has served 13,631,387 meals.

THE RAILWAY not only hauled away the completed munitions of war, but brought in the raw materials to make them. Without this two-way service, Canada's magnificent job of production could not have been carried out. The Canadian National itself builds mine-sweepers, 12,000-ton freighters, naval guns and gun mountings, aircraft components, and parts for other gun factories.

OF THE 100 MILLION PASSENGERS carried, a high percentage consisted of members of the armed forces proceeding to camps for training and to shipboard for embarkation.

STEAMSHIPS OF THE COMPANY, though reduced in numbers by sinkings through enemy action, have served gallantly in the war as auxiliary armed cruisers, hospital ships and transports.

CANADIAN NATIONAL Express and Telegraph facilities have worked to capacity to meet war demands.

The Canadian National's nine all-year hotels, situated in cities from the Atlantic to the Pacific, have provided service of an essential nature to those engaged in the war effort. All the Company's resort hotels are closed for the duration.

22% OF THE PERSONNEL in Company's service in 1939 have joined the armed forces. In Victory Loan campaigns Canadian National men and women have purchased bonds to the amount of \$26,924,600.

TRANS-CANADA AIR LINES, subsidiary of the Canadian National Railways, has carried 435,000 passengers during the war, 9,417,000 pounds of air mail letters, and 1,476,000 pounds of wartime air express. Trans-Canada Air Lines is also flying the Atlantic regularly with mail to and from the armed forces.

Highlights of 1943 Operations	
Tons of freight carried.....	80,426,781
Passengers carried.....	34,500,731
Gross Revenues.....	\$440,615,955
Net Operating Revenue.....	\$116,140,285
Cash Surplus.....	\$35,639,412
Total Payroll.....	\$195,555,000
Average number of Employees.....	101,126
Total System Route Mileage.....	23,562

TRANSPORT

for a NATION AT WAR

The Canadian National has been privileged to join with all the citizens of our country, including those who are serving in the armed forces, in the prosecution of the war. It believes that Canadians will be interested in this outline of some of the System's war activities.

Extracts from Annual Report of the Directors of the Canadian National System:

OUR OBJECTIVE IN 1943, as in other war years, was to place the full strength of our manpower and facilities behind the war effort of the United Nations. To this end all energies have been directed. The requirements of the armed forces, of industry and agriculture, for transport and other services, have been met in all of the nine Provinces of the Dominion and in the important sections of the United States in which we operate.

RECORD TRAFFIC

These demands were greater than ever before, the traffic moved in 1943 being 17.3% greater than in 1942, the previous peak war year, and 44.7% greater than in 1928, the peak peace year.

Freight traffic in 1943 was more than double that of 1939, and passenger traffic four times that of 1939.

Despite this, the very large movements of war materials and personnel reached their destinations in accordance with schedule arrangements. There was no lowering of the recognized standards of safety.

MANUFACTURE OF MUNITIONS

The Company also extended its activities as a manufacturer of munitions, ships and naval appliances.

EARNING POWER

The 1943 operations demonstrated the great earning power of the System, the railway proving again that it can handle an immense volume of business economically as well as expeditiously.

After providing from revenue for all operating expenses (including deferred maintenance, depreciation, amortization of defence projects and reserve for inventories) and also a reserve for pension contracts, taxes, interest

on funded debt and Government loans, the surplus paid in cash to the Government was \$35,639,412.

OPERATING EFFICIENCY

The operating ratio for the year was 73.64% (an all-time record) as compared with 76.93% in 1942 and 81.99% in the peak peace year of 1928.

It is interesting to note that the vastly increased war traffic in 1943 was handled with 16.6% fewer locomotives, 15.4% fewer freight cars and 5.1% more passenger cars than was the traffic of 1917, the fourth year of the last World War.

SPECIAL SERVICES PROVIDED

The Company was honoured in being selected to provide extensive train and other services for Prime Minister Churchill, President Roosevelt and Madam Chiang Kai-shek during their visits to Canada in 1943.

POST-WAR

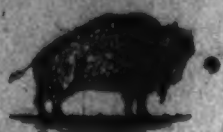

Changing conditions will call for new methods of railway operation and new types of service, and there must needs be a continuing search for improvement in all aspects of the railway industry. In view of this, the Company has in hand a programme of research. This programme, in addition to considering ways and means of improving service and efficiency of operation, also encompasses the problems of post-war reconstruction and rehabilitation.

THE OFFICERS AND EMPLOYEES in all departments of the System have worked hard and loyally to cope with increased responsibilities arising out of the war, and the directors record their appreciation and thanks. The traditional harmonious relations between management and employees were maintained throughout the year. Appreciation also is expressed to shippers and the travelling public alike for their cooperation in and sympathetic understanding of difficult operating conditions caused by the war.

FERRING BEES IN SPRING

The proper feed for colonies of bees is the nectar and pollen they gather from flowers. In Alberta, in the spring, there is sometimes a lack of these feeds. A substitute for this nectar or honey is made of sugar syrup -- one part cane or beet sugar to two parts of water. Supplies of sugar have been made available for this purpose by the Sugar Administrator. A permit to purchase sugar may be obtained by applying to W.G. Le Maitre, Provincial Apiarist, Department of Agriculture, Edmonton.

Combs of pollen, saved from the previous year should be given to colonies in the spring. If these are not available, a substitute of soy bean flour, made into a stiff dough with a little sugar syrup, can be placed on waxed paper over the frames of the brood chamber.

Unless colonies are properly provided with these foods, they will not rear large enough quantities of brood to become honey producers in July, the main honey month.

DISEASE PREVENTION IN SWINE

Most swine troubles, after the age of four months, are caused by fifth borne diseases, and result from allowing the pigs to run in old, filthy, unsanitary pastures which usually do not have a blade of grass after the first of July. Such conditions include parasitic infestation, necrotic enteritis, snuffles, mange and lice as well as nutritional diseases.

To prevent these diseases occurring the system known as the McLean County System of Swine Sanitation should be adopted, says Dr. R. Walton, Animal Pathologist. This system is aimed at the control of round worms in swine but its adoption would do more to reduce losses from all causes than any other single measure.

This system is very simple and practical. It consists of having a clean sow, a clean farrowing pen, and a clean pasture. The farrowing pen should be cleaned by scrubbing with boiling water and lye. Boiling water is the only agent which will destroy worm eggs. The pen must be warm and dry and preferably be provided with a guard rail.

When the sow is to be placed in this pen she is well brushed in order to remove all adhering worm eggs, and then put in the pen. When ready to be moved to the pasture, she should either be transported or driven by a route which will not lead her through the old hog lots where she would pick up worm eggs. She is then put on a clean pasture until weaning

time, when the sow is removed and the pigs left until they are at least four months old.

The term "clean pasture" as used here needs definition. By clean is meant that this pasture should not have had pigs on it for at least one year previous. By pasture it is implied that a good luxuriant growth of green material will be provided which will continue to provide adequate pasturage for the pigs until fall.

Such a pasture will provide abundant supplies of minerals and vitamins, as well as getting away from the unsanitary conditions which prevail in many of our pig pastures. This type of pasture can be provided by cross fencing your present pasture or doubling its size. Then by ploughing and seeding one half each year a clean pasture will be provided for the following year.

PLANT TREES AS EARLY

AS POSSIBLE

During the so-called dormant period tree roots are active, absorbing nutrients and growing when temperatures and moistures are favourable. Cool soil is comparatively more conducive to vigorous root activity. Early planting gives the root-system that margin of advantage which is so important for a tree in getting away to a good thrifty start, says W. L. Kerr, Superintendent, Dominion Forest Nursery Station, Saskatoon.

Few farmers would risk planting their wheat two weeks or a month later yet, too frequently, this is exactly what they do with trees shrubs and small fruits. They appreciate the fact that early planted wheat is better able to withstand a hot and dry July.

Good bloom from winter flowering bulbs is obtained by planting the bulbs in pots and placing them in a cool dark place until a good root system is developed. Strawberries and raspberries planted early produce more plants early in the season which form many more fruitbuds for a larger crop of fruit the next year.

Delayed planting on the prairies means hot dry weather at planting time. There is also a danger that much of the early flush of moisture will be lost to late planted material. Late planting results in top growth at the expense of root growth and before the roots have established a good absorptive system. Some trees, may therefore, die after coming into leaf. Late planted trees may require a year or two extra time before they will make strong thrifty growth. Partial or complete failures on the prairies

with horticultural material are too frequently directly or indirectly caused by planting at a poor time. With hardy types of trees and plants which are in a dormant condition spring frost need not be a consideration when planting. The planting of such material may well be done prior to the time when the farmer can get on the land to seed grain. Good results may be expected by planting trees as soon as the frost is out of the soil sufficient to make the holes. These trees which are not planted immediately should be kept damp and as cool as possible.

POLAR BEAR CUBS

GO TO MISSOURI

Winnipeg, April -- Hot stuff were the three polar bear cubs from Hudson Bay which arrived in Winnipeg by Canadian National express from the north on their way to the zoological park in St. Louis, Missouri. Two of them were captured 25 miles north west of Nelson by an Indian trapper, after a fierce fight between the mother bear and the trapper's harnessed dogs. The Indian killed the bear and his own lead dog with one shot, stopped the fight, and took the cubs to the railway in sacks, with their heads sticking out. They were about two feet high and weighed 25 pounds. The third cub was captured on the coast of Hudson Bay between Nelson and Churchill when his mother was shot by another Indian trapper. He put up a big fight before he was shot, he stood 22 inches high and weighed 20 pounds. The young bears were shipped in a specially built metal-lined crate and the express men treated them with respect.

The District NEWSPAPER

and Your PRINTING

YOU EXPECT your community newspaper to take the lead in advocating district betterment.

YOU EXPECT your newspaper to boost for good roads, good schools, and to support district celebrations and associations.

YOU EXPECT your district newspaper to support welfare and charity drives.

YOU EXPECT your newspaper to help bring people to this district and thus increase purchasing power by added numbers.

BECAUSE of these services, we believe it to be both fair and just to request that all printing used in this district be done within the district.

WE OFFER a printing service that is both high-grade and reasonable in price. Therefore by spending your money here, it does double duty -- supports district welfare and cuts expense.

Wainwright Star

We Can Do Better

IN the past, wars have brought with them a high cost of living, ending with inflation.

This sapped the strength of nations and added poverty and injustice to the other tragedies of war.

Later it has led to falling prices and unemployment.

In this war, we Canadians are determined to head off this danger:

We have done much to avoid a repetition of the disastrous price rises of previous wars. We have paid higher taxes. We have bought Victory Bonds. We have severely limited profits.

We have put a ceiling on prices. And to make it possible to hold the ceiling, wages and salaries have been controlled.

In one way or another most increased costs have been absorbed and very few passed on to the consumer.

Holding the ceiling has been a struggle. But the results have been worth while. From 1914 to 1919 prices rose 60%. From 1939 to 1944 the rise has been only 18%.

This effort of the Canadian people has been successful enough to be noted in other countries.

But we must continue to hold the line. We need not let history repeat itself. We can do better.

We can all help--

By cutting down unnecessary spending, and buying Victory Bonds instead.

By not hoarding or buying in black markets.

By not taking advantage of the war situation to press claims for higher prices, higher wages, higher rents or higher profits.

(This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation later.)

World of Wheat

H. G. L. Strange,
Director, Research Department,
Searle Grain Company, Ltd.

RUBBER AND WHEAT

According to a statement made by the Hon. C. D. Howe, Minister of Munitions, in the House of Commons on March 23rd, there is no chance whatever of synthetic rubber being made out of wheat. Mr. Howe stated that the large Dominion Rubber Plant at Sarnia started making rubber from wheat but finally switched to petroleum, because, said Mr. Howe the cost of rubber made from petroleum is one third only of the cost of the same rubber if made from wheat.

Mr. Howe thought further that the cost of making synthetic rubber might be brought down eventually to as low as 16 cents a pound, and that at this price synthetic rubber might compete with natural rubber. Personally I doubt if this can ever be done for the reason that advances are still possible in improving the yield per acre of rubber trees, and in cutting down costs of production; and even if it could be done, I doubt the wisdom of doing it, for it does not appear, to me at least, to be fair nor in Canada's interests, to put millions of people out of employment whose sole method of making a living is the production and sale of natural rubber, and who with the proceeds purchase all kinds of goods and commodities, including wheat and flour, and which purchases directly or indirectly benefit Canadian people.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

The Dominion Government says that the combined U.S.A. and Canadian wheat "carry-over" at the end of July will likely be about 500 million bushels smaller than at last July 31st — Wet weather is delaying spring field work in Rumania and the Balkans — Trade reports place India's wheat crop about ten percent less than last year.

The outlook for the U.S.A. winter wheat crop continues to improve with favorable moisture conditions over nearly the whole belt — Broomhall reports that an increase in wheat acreage appears likely in the Argentine this season — Conditions of the winter grain crops in the United Kingdom remains mostly satisfactory.

GROCERY SPECIALS
